Introduction

The Secondary Behaviour and Achievement catalogue is reviewed and updated during the summer holidays each year. The revised version is then published ready for the start of the academic year.

Should you have any suggestions for enhancements please email these to help@sd.hertsforlearning.co.uk.

The ICT Service Desk will be happy to help with any questions or queries that you may have on this year's catalogue of reports. Please telephone 01438 844777 Option 1 then Option 1 again.

All analysis reports will only include the first member of staff involved in the incident or achievement. In order to view certain types of data the correct permissions must be set in SIMS System Manager

Please note:-

These reports cannot be run backed dated to a previous academic year. The reports do not have an effective date run on and therefore student memberships will always be current.

Some reports may take a significant amount of time to run to completion – especially when capturing data over a long date range.

The screenshots are offered to demonstrate the output when a report is generated and not date relevant.

Excel Functionality within some Reports

Utilising the functionality of Excel when the report has run will provide additional data that may be useful.

Filters

Where a filter  appears in the report other options within the filter can be selected. This may be useful if you would like to know for example, which Year Group has the highest net points in the **BM – Total Net Pts for Date Range**.

PivotData Sheet/Data Sheet

This sheet in the workbook contains all the information that was used to generate the report. If a report is not showing as you would have expected it is useful to check this sheet. This sheet is also useful to see the detail of what is sitting behind a number within the report.

Count of Type/Type Sheet

This will show all the student names with a number next to it and is a useful overview if you do not wish to use the Filter functionality.

How to Use Pivot Tables in Excel

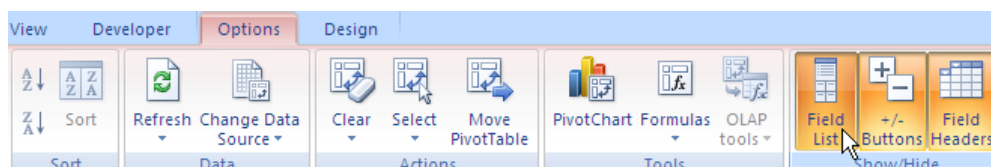

Pivot tables enable easy manipulation of data in order to carry out further analysis. A large amount of data is available within the report, which can be used for very specific and detailed analysis. For example, you may wish to know how many pupils in Year 9 have received achievements and then split the data displayed into boys and girls.

After running the report from SIMS the data will be displayed in numerous sheets within the workbook all appropriately named.

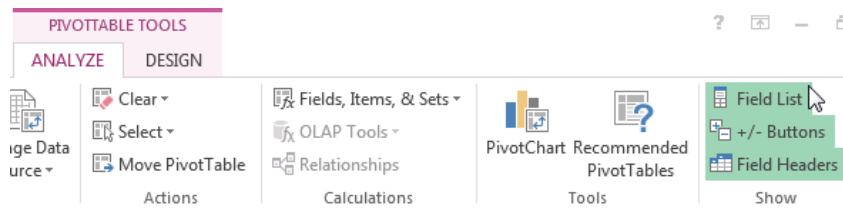

When a sheet is selected the **Pivot Table Field List** will be displayed. If this is not showing or you accidentally close it then:-

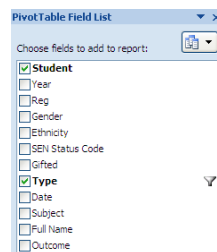

1. In Excel 2010 select the **Options** ribbon then click the **Field List** button.

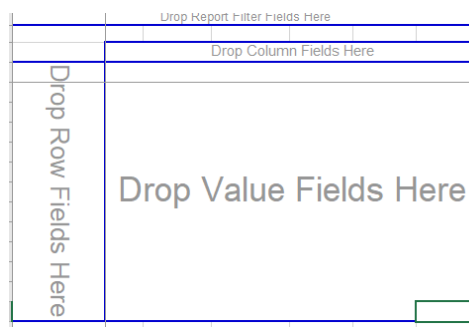

In Excel 2013 and Excel 2016 select the **Analyze** ribbon then click **Field List**.

- The **Pivot Table Field List** will be displayed. This displays all the fields that you are able to use in the sheet. These can be selected for inclusion in the report by ticking your required fields. By default, they will show as columns in the report.

- There are four areas to the Pivot Table; **Filters**, **Columns**, **Rows** or **Values** in which data can be displayed. The illustration below is an 'empty' one, which will only become visible if all the fields are removed from the Pivot Table. However, this illustration will enable you to place data in your preferred area of the Pivot Table.

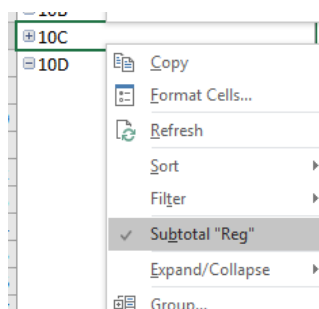

- Fields can either be dragged into the table into the required area or added using the boxes below the Pivot Table Field List.
- To drag a field, select it then keep the mouse button suppressed, drag it into one of the four areas. For example, Reg has been selected from the Pivot Table Field List and is dragged so that it is displayed next to the student name.

Count of Type		Type
		Excellent Effort
Student		
Adam Shearwood	8C	
Alan Hiraoka	11F	1

6. Release the mouse once in position, and the new data will be displayed.

Count of Type	
Reg	Student
10A	Andrew Ebben 10A Brian Call 10A Christina Bradbury 10A Gloria Bailey 10A Graham Abbess 10A Hannah Manderville 10A Harry Angler 10A Jeremy Brown 10A John Karlos 10A Jonny James 10A Joseph Goulden 10A Kerry Crosby 10A Krystal Bukolt 10A Louise Grants 10A Matthew Byron 10A Michael Gorman 10A Paula Jake 10A Polly Pocket 10A Preety Pocket 10A Richard Radford 10A Samantha Acton 10A Scott Wright 10A Silv Amoso 10A Stephanie Amoso 10A
10A Total	

7. The illustration above shows the Total and Sub Totals for the Reg Group, which can be too complex. To remove the Sub-Totals right click on the Student button and remove the tick from **Subtotal "Reg"**.

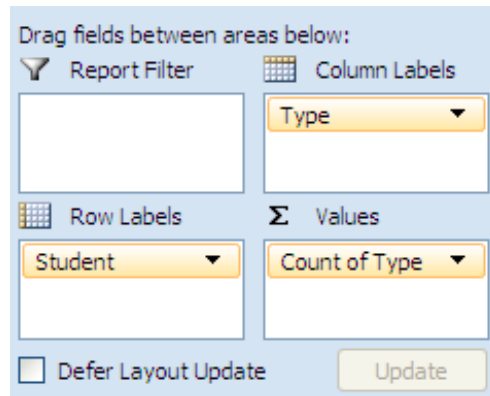

8. Data is displayed without **Total**.

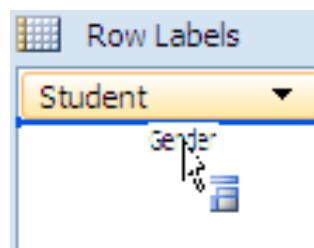

Count of Type	
Reg	Student
10A	Andrew Ebben 10A Brian Call 10A Christina Bradbury 10A Gloria Bailey 10A Graham Abbess 10A Hannah Manderville 10A Harry Angler 10A Jeremy Brown 10A John Karlos 10A Jonny James 10A Joseph Goulden 10A Kerry Crosby 10A Krystal Bukolt 10A Louise Grants 10A Matthew Byron 10A Michael Gorman 10A Paula Jake 10A Polly Pocket 10A Preety Pocket 10A Richard Radford 10A Samantha Acton 10A Scott Wright 10A Silv Amoso 10A Stephanie Amoso 10A
10B	

To avoid overcomplicating the table and making it more difficult to read it is wise to drag fields which are not required out first.

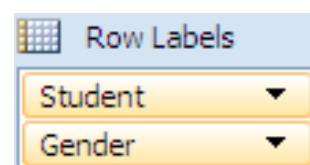

9. Alternatively, you may wish to place a field into one of the boxes below the Pivot Table Field List. This can be done by dragging the field from the Pivot Table Field List into one of the boxes.

10. To include Gender in the Row click on Gender in the Pivot Table Field List, keep the mouse button suppressed and drag to the Row Labels. Release the mouse button.

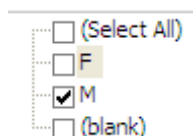

11. The field is now displayed in the box.

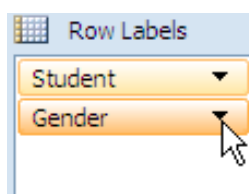

12. This is then reflected in the data.

Count of Type		Type
		Excellent Effort
Student	Gender	
Adam Shearwood 8C	M	
Alan Hiraoka 11F	M	1
Alan Vance 7E	M	

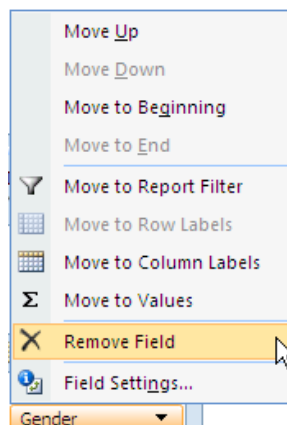

13. It is also possible to drag fields from one box to another using the same method of clicking and dragging.
14. To see just Males click the arrow adjacent to Gender and remove all ticks except the one for M.

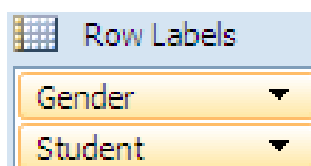

15. This option is available anywhere in the Excel spreadsheet where the black arrow is shown enabling analysis. When a filter has been applied the image  is replaced with .
16. If in error you place a field in the incorrect area, click on the black arrow adjacent to the field you wish to move.

17. The menu options will be displayed and you can make your selection. This includes removing the field and ordering the rows.

18. The field can also be dragged back out of the Pivot Table to remove it.
19. Moving the Gender Field above the Student Field in Row labels will display the data grouping by gender first.

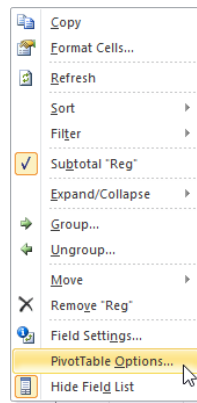

Count of Type		Type	Excellent Effort	Sporting Representation
Gender	Student			
F	Alice Kingston 7D			
	Alicia Carpenter 11D	1		
	Anwen Helpert 7E			

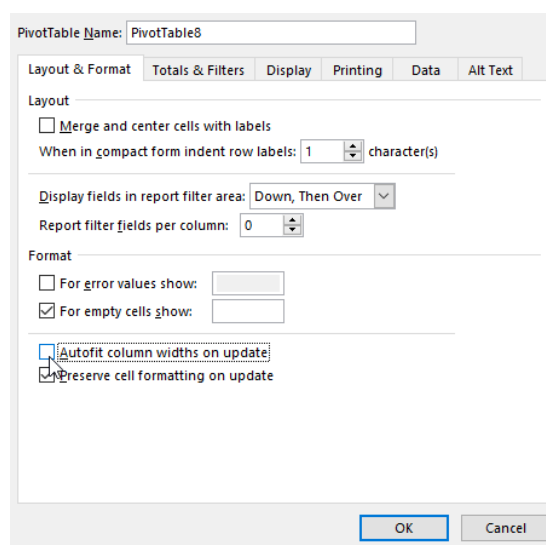

20. Placing the field **Subject** into the Report Filter Fields Area either by selecting it and dragging it to A1 or dragging into the Report Filter box enables greater analysis of data. The example below shows English.

A	B	C	D
Subject	English		
Count of Type		Type	
		Excellent Effort	Grand Total
Gender	Student		
F	Alicia Carpenter 11D	1	1
	April Jones 11A	1	1
	Delia Carlson 11A	1	1
	Fiona Canterbury 11E	1	1
	Julie Cleaver 11C	1	1
	Kelly Chippenham 11B	1	1
	Stephanie England 11A	1	1
F Total		7	7
M	Alan Hiraoka 11F	1	1
	Cameron Able 11A	1	1
	Harry Gardener 11B	1	1
M Total		3	3
Grand Total		10	10

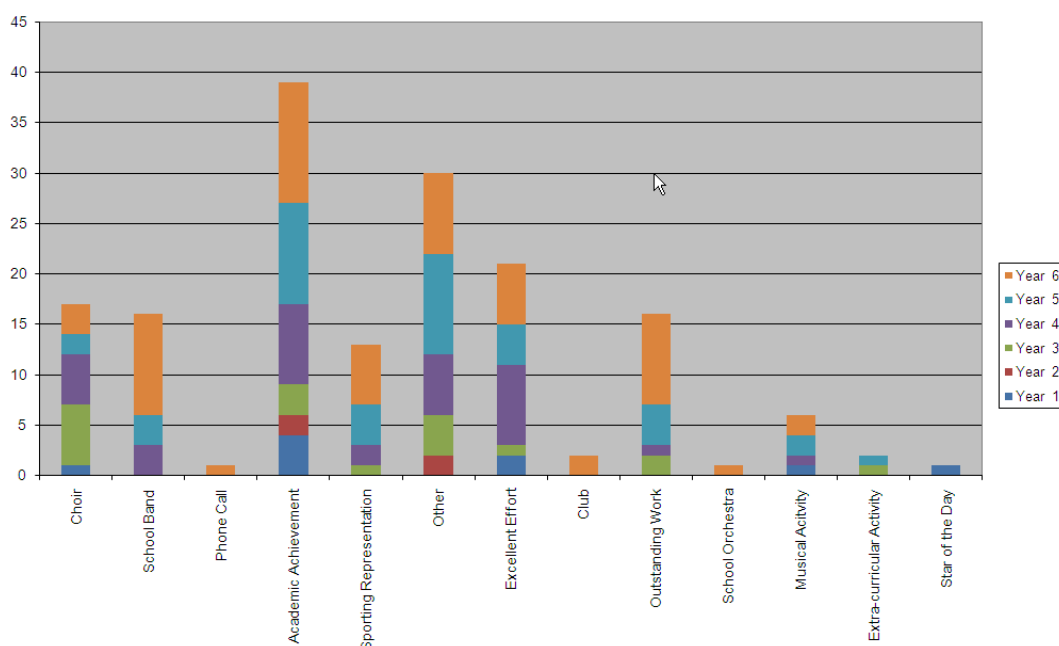

21. The Pivot Tables in some reports have been adjusted so the columns in the tables do not resize to the length of data when they are refreshed. This is to allow for a more aesthetic view of the table. To set a Pivot Table to allow columns to resize if you need them to, right click anywhere on the Pivot Table and then select Pivot Table Options.

22. The PivotTable Name dialogue box will display. Click to place a tick against **Autofit column widths on update**. Then click **OK**.

23. Charts are displayed using the data from the relative data sheet e.g the **Type Chart** is based on the data from the **Type** sheet. [Type](#) [Type Chart](#)

Behaviour Reports

The screenshots are offered to demonstrate the output when a report is generated and not date relevant.

BEHAVIOUR MANAGEMENT SUMMARY 2017/2018

Name	Reg	House	Attendance %	Total Achievement Points	Total Behaviour Points	Net Conduct Points	No of Detentions	No of Report Cards

BM – Behaviour Management Summary

This report uses the summary data in each individual student's behaviour record and displays for all in a chosen Year Group, Reg Group or House. ***This report will only display data for the current academic year and cannot be filtered to a specific date range.***

Focus: Student

Filter: Year Group / Reg Group / House

Behaviour Management Summary

Name	Achievement Pts	Behaviour Pts	Net Points
Grenetta Abbey 8F	46	100	-54
Jimmy Abbey 10A	46	20	26
Claire Abbot 11A	61	81	-20
Hannah Abbot 9A	46	75	-29
James Abbot N	0	32	-32
Susan Abbot 10B	46	70	-24
Mohamed Abdelkoder	46	10	36
Benjamin Able N	46	10	36
Mary Ackroyd	0	70	-70
Bill Ackton 8A	45	0	45

BM – Behaviour Summary by Date Range

This report produces a summary of achievement points, behaviour points and net points for individual students within a Year group, Reg group or House and can be run for a chosen date range.

Focus: Student

Filter: Date is between / Year Group / Reg Group / House

Behaviour Management Summary for:

11A Mrs A Wheeler

Forename	Surname	Reg	No of Achievement	No of Behaviour
Claire	Abbot	11A	2	4
Megan	Allen	11A	0	4
Katie	Barker	11A	0	0
Alexia	Barnetti	11A	0	1

BM – Reg Grp Behaviour Summary

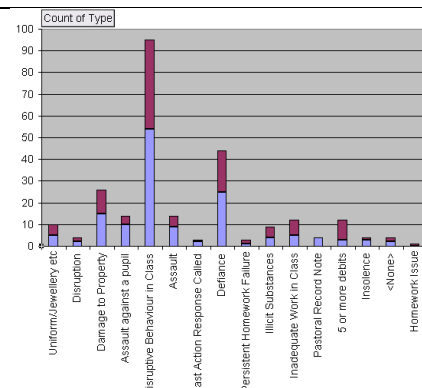

This report produces one page per Registration group and provides a summary of the number of achievement and behaviour logs each student within the group has received. A date range can be specified at run-time.

Focus: Group

Filter: Dates between / Role is NOT / Year Group / Reg Group

Behaviour Reports

Count of Type	Gender		
Type	M	F	Grand Total
Uniform/Jewellery etc	5	5	10
Disruption	2	2	4
Damage to Property	15	11	26
Assault against a pupil	10	4	14
Disruptive Behaviour in Class	54	41	95

Inadequate Work in Class	5	7	12
Pastoral Record Note	4		4
5 or more debits	3	9	12
Insolence	3	1	4
<None>	2	2	4

BM – Behaviour Analysis Pivot Table

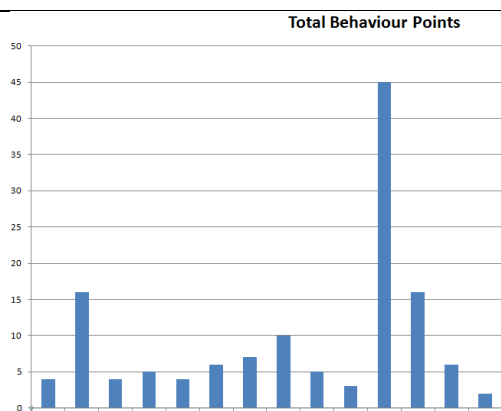

This report produces an analysis of behaviour incidents in various, easy to read formats. Users can select fields from the pivot table and use them in the report to breakdown the analysis further. This report also contains an analysis of types of bullying.

Please note: the attendance % included is for the current academic year and not for the date range selected at run-time.

Focus: Student

Filter: Behaviour Date is between

Sum of Behaviour Points	
Reg	Total

10F	5
11A	4
11B	6
11C	7
11E	10

BM – Behaviour Points Pivot Table

This report contains the same analysis structure as the Behaviour Analysis Pivot Table except that it analyses *points* rather than the *number* of incidents.

Please note: the attendance % included is for the current academic year and not for the date range selected at run-time.

Focus: Student

Filter: Behaviour Date is between

Behaviour Incidents

Detention Reports

27 March 2008

Mr and Mrs F Abbot
16 Brickberry Close
Hampton Hargate
Peterborough
PE7 8AR

Dear Mr and Mrs Abbot,

Re: Ben Abbot Reg Group: 10A

It is with regret that I am writing to inform you that due to Aggressive Behaviour which took place on 28 February 2008, I intend to keep Ben for a period of 30 minutes. This will take place on Friday 29 February 2008 from 15:45 to 16:15 in Maths Room 3.

Please can you stress the importance to Ben of attending this detention and make alternative arrangements for him to return home after the session. I would ask for your full co-operation in this matter.

If there is any reason why Ben is unable to attend the detention at this time, please could you inform the school at your earliest convenience.

Yours sincerely,

BM – Detention Letter

This report will produce detention letters to be sent home advising parents of the date, time and location of the detention as well as the reason for the detention. The report can be run from the 'Maintain Detentions' screen for an individual student or from the Reports focus for multiple detention letters for specified detention dates.

Focus: Detained Student

Filter: Detention Type / Detention Date is between

Detention Register Friday 14 Mar 2008 Humanities Room 7 -

Start Time: 15:30	End Time: 15:50	Total Time: 20
-------------------	-----------------	----------------

Student	Reason for Detention	Attended (✓)	Reason for Non Attendance	Attend Next Session
Clarissa ABBOT STG	Lates 8.40 - 9.10			
Alistair BAILEY 8B	Out of Lesson			

BM – Detention Register

This report can be produced and distributed to the member of staff supervising the relevant detention. Attendance at the detention should be entered on the register and updated on the detention record in SIMS.
